### **PRIVATE MUSIC TEACHERS**

**Mrs. Rebekah Sandnes** has a degree in music with an emphasis in vocal pedagogy. She began playing the piano when she was eight years old and started voice lessons at age fifteen. Since then her passion to make excellent music has only grown. Composition is her favorite topic for personal study but she thoroughly enjoys all the arts, including musical theatre and opera. In addition to teaching private music lessons, Rebekah also directs Greenleaf's vocal ensembles! Her highest goal is to make God's goodness known through His beautiful gift of music. A favorite quote: *The aim and final end of all music should be none other than the glory of God and the refreshment of the soul.* -J.S. Bach

**Ms. Sage Friedline** began taking piano lessons at the age of four. She deeply enjoys getting to teach her students and loves watching them learn and grow! Sage teaches any beginning to late intermediate students from ages 3-16, including neurodivergent children (especially those with autism and ADHD), as well as children for whom English is a second language. A favorite quote: *Music is the shorthand of emotion.* - Leo Tolstoy

**Ms. Daleigh Kelly** has taken piano lessons for 9 years and is increasingly grateful for the impact music has had on her life. She loves how differently people can express themselves through music and strives to help her students do so. She is eager to show them the beautiful freedom within the world of music. A favorite quote: *I love music passionately. And because I love it, I try to free it from barren traditions that stifle it. It is a free art gushing forth — an open-air art, boundless as the elements, the wind, the sky, the sea.* - Claude Debussy
